Dear Robert:

Thank you very much for your tremendous support of *Project Greer Street!*

I enclose a couple of thank you notes from one of our *Project Greer Street* students and his mother. The only reason that the notes are not addressed to you is my assumption that you preferred anonymity.

Again, thanks for your incredible support and the invaluable support of the Club to make a difference for our students.

Very truly yours,

Ronald Sally

Thank you for your generous support of my attendance at the Global Summer Learning Institute for Commercial Real Estate and Entrepreneurship at Harvard University. I appreciate you believing in my potential.

I cannot wait to broaden my knowledge about commercial real estate and entrepreneurship. I am also excited to meet with the great instructors and business executives in the program. I am committed to making the most of this opportunity. Your generosity has inspired me to want to help others when I grow up.

Thank you very much,

Thank you so much for the generous support to enable my son William to attend the Global Summer Learning Institute for Commercial Real Estate and Entrepreneurship at Harvard University. I know that William is going to learn a lot and have lots of fun. This could not have happened without you.

As a single parent mother with very limited resources, William would not have this opportunity without your help. Thank you from the bottom of my heart and God bless you.

Sincerely,

A handwritten signature in black ink, appearing to read "Edith Muyinda". The signature is fluid and cursive, with the first letter of each word being capitalized and prominent.
